TOTAL (estimated)

\$3,000,000/year

EXPLANATIONS:

Award of this contract will enable ESC Region 19 Allied States Cooperative members and its various programs to comply with the new EDGAR (Education Department General Administration Regulations) 2 CFR Part 200 as it relates to the expenditure of federal funds. The evaluation committee utilized a point system with weight factors of 35% pricing and services, 20% reference checks, 20% performance capabilities, 20% qualifications, and 5% value added services. Arspec, Inc. submitted a proposal that did not meet the scope of the requirements for this solicitation, and therefore was not considered. Bureau Veritas North America, Inc. took exceptions, to which the proposed deviations fundamentally altered the Standard Agreements and Practices, and therefore was not considered. Kamico Instructional Media, Inc. was not considered as they had already been awarded on a previous supplemental contract for the same services. After numerous unsuccessful attempts to obtain the required amount of reference responses, Lopez Marketing Group, Inc. could not be properly evaluated and therefore was not considered. New Republic Architects did not comply with the specifications for submitting a solicitation as stated in the original RFP, and did not respond after several attempts to contact; therefore, they were not considered. RouteSmart Technologies, Inc. did not meet the scope of Consulting and Staff Development as stated in this solicitation, therefore was not considered. Weld Life, LLC dba Apex Contracting Group was previously awarded on a contract meeting the scope and it was also not considered.
