EXPLANATIONS:

Award of this contract will enable ESC-Region 19 and its Purchasing Cooperative members to purchase a diverse line of consumable supplies in the areas of custodial and support service requirements during the contract period. It was not in the best interest to consider out of town vendors as stated in the special conditions; all awarded vendors must have a fully stocked warehouse in El Paso for JIT pickups by El Paso area members for rush orders or able to deliver within 3 hours after receipt of order during the term of the contract. An award is recommended in the best interest of all ESC Region 19 Cooperative members while satisfying the cost savings of volume commitments by the ESC Region 19 Purchasing Cooperative.

MasterServ, Inc. - No bid on items 1 – 16. Qualified turnkey services for;

1. Tile and Grout Restoration
2. VCT, Linoleum, Marmoleum, Luxury Vinyl Coating
3. Anti-Graffiti Coating
4. Concrete Coating
5. Hard Surface Extraction
6. Carpet Cleaning, 2 Methods

Pricing quoted is 'Not To Exceed'.

'Not To Exceed' pricing encompasses both the simplest and the most challenging installations and cleaning jobs, with zero as baseline and 'Not To Exceed' as the upper limit for pricing. In other words, 'Not To Exceed' is virtually a pricing range.

Jobs are priced and negotiated based on the attributes/condition of the surface to be cleaned/coated/restored, comprehending complexity, difficulty, product and equipment requirements, labor, and so on. MasterServ Inc reviews the proposed job with the Member, negotiates a reasonable price for the job, and completes the job to the Member's satisfaction prior to invoicing.

MasterServ Inc's coatings resolve numerous ongoing challenges with floors including:

- Contamination
- Odor
- Maintenance
- Appearance
- Durability
- Mundane labor
- Labor expense
- Supplies expense

Every installation of these high-quality, super-durable, low-maintenance, and beautiful coatings reinforces their value and contribution to the health of buildings and occupants, and to relief of ongoing cost reduction pressure for management.

Contact ASC for pricing for Praetorian and NaOClean products.

Praetorian Protective Finishes’ thin clear-coat urethanes, removers, and cleaners, and related products.

NaOClean products that generate universally-recognized sanitizer/deodorizer Sodium Hypochlorite, in compact units using only water and salt in the conversion process. Sodium Hypochlorite is recognized by nearly every health department in the world as a sanitizer and is recognized also by the FDA, EPA, and the World Health Organization. Output expense is roughly 2 cents per gallon of product that is many times more powerful than bleach, whose key sanitizing ingredient is Sodium Hypochlorite.

NaOCl treated water from the NaOClean Disinfectant Generator process. This is a highly active sodium hypochlorite, 100-200 ppm, a powerful disinfecting ingredient. It is pH neutral (7.0-7.5 pH) and is produced with only water, small amounts of salt, and electricity. It is suitable for health care and hygiene including public schools, restaurants, agriculture, fish/meat/poultry processing, public facilities, hotels, hospitals, etc. It is safe to use, safer on your skin than other chemical disinfectants, and is not damaging to your health. It will not damage the environment or the sewage system, has no toxic odor, and effectively eliminates foul odors. It eliminates germs on fruits, vegetables, and fish. NaOClean can prevent various diseases. It can disinfect kitchen utensils and dishes. As neutral water, NaOClean does not turn food brown or cause protein disintegration, and it maintains the freshness of food as it is processed.

- NaOClean treated water, 100-200ppm concentration, 7.0-7.5 pH 1 Gallon \$35.00 15%
