EXPLANATIONS:

Award of this contract will enable Region 19 and its Purchasing Cooperative members to purchase the goods and services specified in this contract when required during the contract period. All vendors recommended for award received a 9 or better out of a possible high of 10 for reference and past performance verifications. **Special conditions #12 specifically stated that only one catalog would be submitted for each lot and category, hence any vendors submitting multiple catalogs in each category were not considered or evaluated.** A proposal from Sports World Sporting Goods was not considered because the vendor did not comply with the administrative reporting required on the previous contract awarded and also did not provide any required references. A proposal from Cannon Sports was not considered because on the previous contract they did not comply with the administrative reporting requirement terms; stated the burden of usage was on the ESC and then they cancelled the contract within a year. A proposal from Tennis Outlet was not considered, because they had not complied with the previous administrative terms of the previous contract and did not provide a required catalog and pricing for evaluation; instead they directed us to visit their website which is not a document we can maintain in the contract file. Other proposals that may not have been accepted were for redundancy in product offerings at lower discounts.

ESC Region 19 Purchasing Cooperative members must reference the ESC Region 19 Contract #10-6544 for special pricing. Awarded vendors agreed to work with all ESC Region 19 Purchasing Cooperative members both existing and future members.
